Dear Dr. Standke,

I am writing to thank you for the grand opportunity I had in meeting you and listening to your views during my visit to Berlin as a member of the Caux Round Table.

It was very good to have visited the Ost West Wirtschafts Akademie in its historic setting and to have been given an explanation by you on the relations between former East Germany and West Germany following their unification. I feel I now have a good understanding of the issues Germany now faces.

Please accept my sincere appreciation for the warm hospitality accorded to the members of the Caux Round Table. I look forward to the pleasure of meeting you again in the near future. When you should come to Japan, please come and see me.

Yours sincerely,
